## Call for Tenders for Speciality Products

To all agents and suppliers

---

### **Early opening and extended submission period**

The *Société des alcools du Québec* would like to inform you of the launch of the next Call for Tenders for Speciality Products.

The Call for tenders will open earlier, as of March 6 and will be open for 7 weeks, until April 24, 2008.

For your information, the SAQ's first priority is to satisfy specific needs, which will be identified when the Call for tenders will be launched.

However, you will be able to submit proposals for new products in all categories. Depending on the quality of the proposals received, certain products may be retained in other categories than the ones identified in the specific needs. However, no proposals for the Gift Pack category will be considered.

Please note that the data that must be entered in the "Forecast – Promotional Budget" section must be **by the case**, and not a total amount. Any proposal that is submitted with a total budget amount will be rejected.
