To all agents and suppliers

Processing of offers for the new specialty products

In an Information Bulletin dated November 2, 2009, you were notified that the SAQ Catalog of offers is now available online.

Today, we are sending you additional information concerning the processing of offers for **new** specialty products.

The SAQ will consult the *Catalog of offers* on an ongoing basis (throughout the year), according to opportunities and product needs. Once an offer has been analyzed, a response will be sent to the supplier and/or the agent.

In order to ensure that each offer is analyzed at least once per year, we have established analysis periods during which the remaining offers for each category will be analyzed. Please consult the [table](#) for details concerning these periods.
