

Information Bulletin

To all agents and suppliers

Choosing a carrier for your products' custom clearance

We remind you that importing hazardous materials, alcoholic beverages and contraband items by mail is forbidden under Canadian federal law.

Consequently, it is important that you choose a **carrier that will deliver your products directly to Quebec** so that we can clear it through customs.

Deliveries made outside Quebec may entail a delay in receipt of your product and may result in your shipment not being received at the SAQ.

For more information, please contact
the **S**ervice d'**A**ssistance aux **R**elations d'**A**ffaires (SARA),
our business relations assistance service,
at sara@saq.qc.ca or 514 254-2711.
