Improved version – Private Order Request Form

On July 19, the Société des alcools du Québec will bring some minor corrections to the *Private Order Request Form*, such as the addition of a *Modify* button in the *Record product* section.

The infrastructure where the form can be found will be also modified. Consequently, the application will no longer be available after 4 pm, July 19, 2010.

You can access the new form as of 9:00 am, July 20, 2010, at this new address*:

<http://commande.saq.com/CommandePrivee>

The link will be also updated in the SAQ-B2B under the *Private Order* tab.

* Please don't forget to modify the URL link in your *Favourites*.
